PART IV. English Teaching Assistantship (ETA) General Instructions

For additional information about the Fulbright ETA Program, please visit our website at www.us.fulbrightonline.org Also, consult the individual country entry for a description of the program in this applicant's chosen country.

We ask that you complete a series of short answer questions about the candidate that focus on the qualities that are essential to success for Fulbright English Teaching Assistants. Please do not attach additional letters of reference.

In responding to the following questions, please keep in mind that the candidate will be serving as a citizen representing the United States and that personal suitability, as well as academic excellence, is an important criterion to be considered. Fulbright ETAs are not responsible for designing curricula or teaching full courses. Rather they serve, under supervision, at their assigned placements and will be expected to develop and carry out a variety of learning activities, make presentations on U.S. culture and society, and/or assist faculty in an English Language Department with their teaching responsibilities, as needed. Leadership and a talent for innovation are also qualities of successful ETAs.

If you do not feel that you have adequate information or knowledge to respond to a specific question, place NA in the box.

Please limit your responses to the spaces provided. If space allows, feel free to give examples of the candidate's experience relative to a specific criterion.

REFERENCES FAXED OR EMAILED TO IIE WILL NOT BE ACCEPTED.
Please give the signed, printed copy of this completed form to the candidate in a sealed envelope,
signed across the flap.
